

4|open

4open is an international multi- and inter-disciplinary open access journal published by EDP Sciences.

The journal is committed to academic excellence and the highest ethical standards and publishes articles in all disciplines of science and research. *4open* is built on the four pillars of Open Science:

OPEN
ACCESS

OPEN
DATA

OPEN
CODE

OPEN
PEER
REVIEW

Authors are invited to submit original research in:

Life Sciences
Medicine

Chemistry
Applied
Chemistry

Physics
Applied
Physics

Mathematics
Applied
Mathematics

AND RELATED INTERDISCIPLINARY FIELDS

Highly downloaded articles

Read the instructions for authors and submit online
4open-sciences.org

Authors may choose the Liberty APC
("Pay What You Want").

International, Expert Editorial Board

4open is supported and developed by an impressive number of expert editorial board members representing a wide range of countries, led by the Editors-in-Chief:

Björn L.D.M. Brücher

**Life Sciences
Medicine**
