

Special issue of *4open* on “Innovation in Cosmetics for skin care”

Guest Editor

- Prof. Richard Daniellou (GDR CNRS 3711)

Scope: This Special Issue focusses on all topics that can favor the increase of knowledge in the cosmetic field in link with skin care, including (but not limited to) innovations in sourcing, formulation, biological targets & models, and innocuity. Original research articles, as well as comprehensive review, are welcome for submission.

Submission Deadline: 30 June 2022

Please submit your articles to the Special Issue via the submission system of *4open* at: <https://www.editorialmanager.com/fopen> before June 30th 2022.
